## The Market Place Page

Included in your annual membership fee is the ability to list 3 areas in the market place page. You can select 3 check boxes in any of the major areas of Animal, Fiber or Services. Your checkmarks can be all in one area such as Animal or in two or all three major areas. For example: you may check livestock, fleece, and roving/yarn. Within the area of livestock, fleece and roving/yarn, you may also check the kinds of colors you have available at no further cost. If you wish to have more than 3 market place listings and a featured farm page, the cost is an additional \$20 per year. The farm and fiber equipment listings are intended for farms, which sell equipment on a consistent basis, this is not a place for a classified ad. If you would like to post a classified ad, please email the newsletter editor.
